

ACCREDITATION

Our laboratory; According to **TS EN ISO / IEC 17025** Standard, by Turkish Accreditation Agency (TÜRKAK),

In 2009, **alveograph, hectoliter, moisture, ash, crude protein, sedimentation, wet gluten, fall number** analysis,

In 2011, in the **physical analysis of cereals, paddy rice and rice,**

In 2013, the **pharynograph, extensograph, aflatoxin, fat assay and damaged starch analyzes,**

In 2016, **dry gluten, gluten index, suspended sedimentation index and foreign matter analysis in oil seeds analyzes,**

were accredited in a total of 19 experiments.

Participation in proficiency testing is conditional on accreditation. Our Branch Directorate participates in international competence tests conducted by Bipea with the participation of more than 200 laboratories worldwide for 10 months of the year.

REFERENCE AUTHORIZED CLASSIFIER

Inspection of the laboratories applying to obtain the authorized classifier license in the cereals, pulses and oilseeds product groups or to renew the existing license to the Ministry of Customs and Trade within the scope of the Regulation on Licensing of Agricultural Products License No. 5300 and Authorized Classifiers, Operation and Supervision of Authorized Classifiers is carried out by our Branch Directorate.

EDUCATION

Our Branch Manager has Laboratory Training Seminar and Variety Recognition Training for 16 laboratory staff of TMO. In addition, applied laboratory training is given to the institution / organization personnel who have obtained the authorized classifier license.

COMPETENCY TESTING ORGANIZATION

Our laboratory is organizing a Proficiency Test with the participation of the laboratories operating in cereal field in our country. Proficiency Test is organized in bread wheat [hectolitre, moisture, protein, sedimentation, wet gluten, dry gluten, gluten index, number of falls, alveograph, farinograph, extensograph) and Ingredients Outside Sturdy Cereal analysis.
